Website Event Description (150-words)

BioTrinity is OBN's flagship two-day conference for the life sciences industry, designed to catalyse growth for all who attend. The delegate mix comprises early stage and emerging life sciences R&D companies, investors, big pharma, academics, charities, government, and broad range of valued service providers.

In its 18th year, this unmissable event will take place in London at Convene, 133 Houndsditch from 23-24th April 2024.

Register today for:

- A packed two-day scientific and investment focused programme
- Three days of private partnering meetings, hosted in-person, virtual or hybrid

- A sponsors exhibition showcase featuring all our valued conference supporters
- Plenty of all delegate networking, include drinks receptions, lunches and the ever-popular off-site BioTrinity delegate dinner

Registration and more information can be found at www.biotrinity.com
